GUIDE

The Guide is devoted to education on the Dahlia and it is hoped that with it more people will have even greater success.

No Dahlia Business can possibly succeed unless its customers are successful and I sincerely feel that the information therein will aid any one that will take the time to read it.

This pocket-guide therefore goes forth for practical use with as little reading as possible, stressing the graphic idea.

DERRING-DO YELLOW

When introducing a new dahlia there are other things to be considered as well as its performance in Trial Gardens.

Other than the pride and joy of being the originator of a new dahlia there is the question of profit or loss and reputation for the promoter. All of these factors require thought and in promoting "Derring-Do-Yellow" (the first since 1938) I do so, in full recognition of the above facts.

This dahlia is in a class that has few competitors, if any. It is a deep bright color of A-Type size and incurve cactus form.

Roots \$10.00 Plants 5.00
